Administration

1. Legal restrictions

Lake Neusiedl is a nature reserve. Local government has therefore imposed strict regulations for engine powered boats and these must be adhered to.
During the training period (2012 08 11 – 2012 08 18) and the championship races (2012 08 18 – 2012 08 26) all engine powered boats must be under the command of the race officer (Clemens Holzapfel) or his deputies who are empowered to decide what boats are allowed on the water.
Unleaded fuel is available at the fuel jetty, however a voucher must be purchased from the YCBb race office prior to tying up. Coach boats are requested to only refuel after racing each day.

2. Scoring

We are able to post the result as required by the EHCA rules using the yellow8 program. It is

also to show the live race on screens.
